

Mzizi Bursar Pack

Features

Fee Management

Effortlessly manage fee collection, fee structures, and fee categories. Generate fee invoices, track payments, and generate reports for easy analysis.

Online Payment Integration

Seamlessly integrate online payment gateways, such as Mpesa or bank transfers, allowing parents to make fee payments conveniently and securely.

Automated Fee Reminders

Send automated fee reminders to parents, ensuring timely payments and reducing outstanding dues.

Expense Tracking

Keep track of expenses incurred by the school, categorize them, and generate expense reports for effective financial planning and budgeting.

Real-time Financial Reporting

Access comprehensive financial reports and statements in real-time, providing a clear overview of revenue, expenses, outstanding dues, and other financial aspects.

Bank Reconciliation

Automate the process of reconciling bank statements with fee payments, ensuring accuracy and reducing manual efforts.

Automated Student Management Invoicing and Collection

Streamline invoicing and collection processes by automating student management-related financial tasks.

Automated SMS and Email Integration

Integrate SMS and email notifications for balance/debt reminders, receipts, and fee structure updates to keep parents or guardians informed.

Seamless Integration

Integrate with other modules and external accounting systems like QuickBooks Online (QBO) for a unified school management experience.
